The Government of Japan is calling for applications from young Australians who would like to spend at least one year in Japan under a highly successful international exchange program for university graduates.

CLOSING DATE:
5PM AEDT Friday 9th November 2018
Applications must be submitted to the Embassy of Japan in Canberra.

Aim:
The Japan Exchange and Teaching Programme (hereinafter, Programme) seeks to enhance internationalisation in Japan by promoting mutual understanding between the people of Japan and those of other nations. The Programme aims to enhance foreign language education and promote international exchange at the local level through the fostering of ties between Japanese youth and foreign youth alike.

The objectives of the Programme are being achieved by offering JET Programme participants (hereinafter, Participants) the opportunity to serve in local authorities as well as public and private elementary, junior high, and senior high schools in Japan.

The Programme is implemented by local authorities and other organisations (hereinafter, Contracting Organisation(s)) who appoint (hereinafter, “employ” for private school Participants) Participants in cooperation with the Ministry of Internal Affairs and Communications (MIC), the Ministry of Foreign Affairs (MOFA), the Ministry of Education, Culture, Sports, Science and Technology (MEXT), and the Council of Local Authorities for International Relations (CLAIR).

What is JET?
The Programme started in 1987 with cooperation from governments of participating countries. In 2018, there were 5,528 participants on the Programme from 54 countries.

As the Programme has achieved an excellent reputation over the last 32 years, it is of great importance that this reputation be maintained. Participants are invited to Japan as honoured representatives of their countries. As such, they are expected to be responsible in all their activities, especially those concerning the promotion of mutual understanding between nations. It is therefore desirable that Participants be adaptable, mentally and physically capable of performing the job duties and have a deep interest in Japan.

Generally, Participants are appointed by prefectures, municipalities, and private schools, etc. as a member of staff for a one-year period of participation on the Programme (hereinafter, period of participation). The cost of transportation from the Participant’s origin to Japan, as well as remuneration, will be funded by the tax payers of Japan via the Contracting Organisation where the Participant is appointed. Because Participants serve as civil servants or private school staff members of their Contracting Organisations, they are required to observe rules and behave responsibly.
1. TYPES OF POSITIONS AND DUTIES

1) Types of Positions

Applicants may apply for either the Assistant Language Teacher (ALT) or Coordinator for International Relations (CIR) position (CIR applicants may be considered for the ALT position if they are deemed suitable for the ALT position and provide consent).

ALT:
Participants engaged in language instruction. ALTs are placed mainly in local boards of education or elementary, junior high, and senior high schools.

CIR:
Participants engaged in internationalisation activities. CIRs are placed in international exchange departments or bureaus of Contracting Organisations.

2) Duties

ALT:
Participants who are mainly assigned to boards of education or elementary, junior high, or senior high schools are to carry out their duties as ALTs under the guidance of language teachers' consultants or Japanese teachers of the foreign language as specified by the supervisor and/or principal of the board of education and/or school. The following is a general outline of duties, though they may vary from one Contracting Organisation to another.

1) Assistance in foreign language classes, etc. taught in elementary, junior high and senior high schools.
2) Assistance in foreign language activities, etc. in elementary schools.
3) Assistance in preparation of materials for teaching a foreign language.
4) Assistance in language training for teachers of a foreign language, etc.
5) Cooperation in extracurricular activities and club activities (see Note 1).
6) Provision of information on language and other related subjects for people such as teachers' consultants and foreign language teachers (e.g. word usage, pronunciation, etc.).
7) Cooperation in foreign language speech contests.
8) Cooperation in local international exchange activities.
9) Other duties as deemed necessary by the supervisor or the school principal.

CIR:
CIR duties are carried out as specified by the supervisor at individual Contracting Organisations. The following is a general outline of duties, though they may vary from one Contracting Organisation to another.

1) Assistance in international exchange affairs at the Contracting Organisation (e.g. editing, translating and compiling publications into a foreign language; cooperating or advising on planning, designing and implementing international exchange projects; hosting official guests from abroad; interpreting at various events, etc.).
2) Assistance in international economic exchange affairs at the Contracting Organisation (e.g. cooperation or advising on planning, designing and implementing international economic exchange projects such as expanding the overseas market for local products or attracting foreign tourists to Japanese localities, etc.).
3) Cooperation in language instruction of employees of the Contracting Organisation and local residents (see Note 2).
4) Advising and collaborating on activities of local private groups or organisations engaging in international exchange.
5) Cooperation in cultural exchange activities (including school visits) for local residents' cross-cultural awareness and understanding and activities to support foreign residents in Japan.
6) Other duties as deemed necessary by the supervisor.

2. TERMS AND CONDITIONS

The terms and conditions of service will be determined by the Contracting Organisation which appoints the Participant. The following is a general outline of the terms and conditions, though they may vary from one Contracting Organisation to another.

1) Period of Participation

In principle, the period of participation is for one year and commencing on the day after the designated arrival date, and Participants are appointed to a Contracting Organisation for this duration. In some cases, multiple appointment procedures may be required within this one-year period of participation, such as in the case where a Participant’s Contracting Organisation is a local authority. Non-designated arrival Participants who arrive at a later date will have a shortened period of participation.

Although the date of arrival is designated in July 2019 (hereinafter, July arrival), it may be possible for applicants who indicate as such on their application form to arrive in Japan on Sunday 14 April 2019 (hereinafter, April arrival) or another date after April arrival but before the designated July arrival (hereinafter, Early arrival) in order to fulfil the needs of Contracting Organisations which require the assignment of a Participant earlier than the designated July arrival date. Such applicants who requested but were not placed for an April arrival will continue to be examined as candidates for a July arrival or for an Early arrival. However, applicants who indicated an April arrival or an Early arrival on their application form and confirmed during their interview that
such an arrival was still possible, then later rescind their request for such an arrival without a justifiable reason, will forfeit their participation on the Programme for this year.

If a Participant violates the rules determined by their Contracting Organisation, his/her appointment may be terminated prior to the end of the one-year period or participation.

If the Participant’s work performance is of the required standard as deemed by his/her Contracting Organisation, it may be possible for the Participant to renew the period of participation for an additional year. Under these circumstances, it is generally possible to renew participation up to a total of three years. However, if the Participant’s work performance, level of experience, and ability are deemed to be of an exceptionally high standard by his/her Contracting Organisation, it is possible to renew participation up to a total of five years. For April arrivals and Early arrivals, it may be possible for a Participant to renew his/her period of participation after the first year until the next August, and then also possibly renew his/her participation from that August by an additional year. In this case, it is generally possible to renew participation up to a total of three years and four months. However, if Participant’s work performance, level of experience, and ability are deemed to be of an exceptionally high standard by his/her Contracting Organisation, it is possible to renew participation up to a total of five years and four months on the Programme.

Withdrawal from the Programme during the period of participation on the part of the Participant adversely affects school and local government administration as well as impedes the overall implementation of the Programme itself. All Participants are therefore required to complete their period of participation in full.

(2) Working Hours

Participants are expected to be at work approximately thirty-five hours a week, excluding lunch breaks. The breakdown of a Participant’s working hours may differ among Contracting Organisations, however Participants are generally required to work Monday through Friday between the hours of 8:30a.m. and 5:15p.m. Generally, Saturdays, Sundays, and Japanese national holidays are days off. However, there are cases in which work duties may require changes in the normal schedule or require a Participant to work on Saturdays, Sundays, or Japanese national holidays. The number of paid holidays per year differs among Contracting Organisations, but in principle Participants are allowed at least ten days.

(3) Remuneration

Remuneration per annum is approximately ¥3,360,000 in the first year, ¥3,600,000 in the second year, ¥3,900,000 in the third year, and, in case where a Participant who is deemed to have excellent work ability by the Contracting Organisation exceeds three years, the remuneration will be approximately ¥3,960,000 in both the fourth and the fifth year. This remuneration is a sufficient amount to cover average living expenses in Japan. This remuneration amount is for Participants who complete the one-year period of participation in full. If participation is less than one year, the remuneration will be less than the above-stated amounts.

Participants are required to bear the cost of taxes in cases in which income and resident taxes are imposed (see Note 3). First year Participants whose period of participation is less than one year will be deemed as “non-residents” and will be subject to approximately 20% income tax under Japan’s Income Tax Act.

Remuneration will be made in monthly payments. Participants may, upon completion of the Programme, be required to pay any amount of resident taxes, etc. which would be subject to that year in one lump sum prior to leaving Japan. Furthermore, in Japan, joining the national social (health) insurance, contributing to the pension fund programme, and paying employment insurance are mandatory. A part of these costs are borne by the Participant and deducted from the monthly post-tax remuneration each month on payday.

(4) Limitation on Profit-Making Activities

Participants, after reaching a full understanding of the motives and goals of the Programme, are expected to prioritise their duties as a Participant and should refrain from engaging in other profit-making activities.

(5) Driving

Participants with a driver’s licence may be required to operate a motor vehicle as part of work duties for their Contracting Organisations. A full, unrestricted Australian driver’s licence may be required to convert to a Japanese driver’s licence. Please note that a full, unrestricted Australian driver’s licence excludes provisional/probationary (P-plate) licences. Participants are encouraged to contact their local licence centre in Japan for further information. Costs associated with a motor vehicle may be required to be borne by the Participant.

3. ELIGIBILITY CRITERIA

As part of the general criteria, applicants must:

(1) Be a citizen (not just a permanent resident) of Australia where the recruitment and selection procedures will take place by the time they submit their application form. Furthermore, those who possess Japanese nationality must have submitted their applications to renounce their Japanese nationality before submitting their Reply Form. 5. SELECTION AND NOTIFICATION OF RESULTS
(1) The Embassy of Japan in Canberra will conduct the first screening and selection of applicants based on written applications. The second stage of screening will be conducted in the form of interviews at the same Embassy or a Consulate-General of Japan in Australia (hereinafter, Interview Office) in order to determine candidates.
(2) The Joint Conference for International Relations, consisting of MIC, MOFA, MEXT, and CLAIR, will decide short-list candidates, alternates, and unsuccessful candidates out of the recommended candidates selected by the Interview Office. Applicants will be notified of the results via his/her Interview Office from March 2019.
(3) CLAIR will assign Contracting Organisations to short-list candidates who agree to participate on the Programme (those who have submitted their Reply Form).
(4) Those who have been assigned a Contracting Organisation are deemed successful candidates, and will be notified the name of the Contracting Organisation by the Interview Office from May 2019 (from March 2019 for April arrivals).
(5) The Contracting Organisation will then initiate direct contact with the successful candidate by sending him or her documents such as the notice of appointment, a letter detailing the workplace and working conditions, and other materials introducing the Contracting Organisation.
(6) Alternates will be upgraded to successful candidate status accordingly as openings for alternates become available until the second week of December 2019.

Withdrawal from the Programme after receipt of assignment or early termination of participation should be avoided as it causes many problems for Contracting Organisations, in addition to severely impacting the administration of the Programme itself.

6. SUBMISSION OF NATIONAL POLICE CERTIFICATE AND CERTIFICATE OF HEALTH
(1) In principle, Participants, short-list candidates and alternates must obtain and submit their National Police Certificate and Certificate of Health to the Interview Office by Friday 31 May 2019. However, those who stated they have a criminal history at the time of application must submit their National Police Certificate at the time of application at the latest. Additionally, alternates who are upgraded and become successful candidates may be required to resubmit a Certificate of Health depending on the time they will travel to Japan.

Regarding the National Police Certificate
(1) A National Police Certificate covering a period of at least the preceding five years must be submitted. If, due to institutional restrictions, a five-year criminal record is not obtainable, a National Police Certificate covering as many years as possible must be submitted.
(2) Applicants must submit a National Police Certificate issued by the state/territory police agency of his/her current residence. However, a National Police Certificate issued by the Australian Federal Police will be accepted in case where it is easier to obtain.
(3) Applicants/Participants who have lived in another country for at least twelve consecutive months during the preceding five years must submit a criminal record (with English translation) from that country as well.
(4) Applicants/Participants who have lived in Japan in the preceding five years are not required to obtain a criminal record issued by the Japanese government.
(5) Applicants for April arrival or Early arrival, in accordance with 4. APPLICATION PROCEDURES, will need to submit their National Police Certificate and Certificate of Health to the Embassy of Japan in Canberra at the time of application. Those who are unable to submit these documents together with the application form will need to submit them to the Interview Office at the time of interview. Those who are unable to submit their National Police Certificate and Certificate of Health at the time of interview should submit them as soon as possible.
Additionally, any changes to an applicant’s/candidate’s physical or mental health or criminal history etc. after submitting the application may affect their eligibility of participation for the Programme and must be promptly notified to the Interview Office.

7. DISQUALIFICATION
Successful candidates/Participants, short-list candidates and alternates may be disqualified without warning for any of the following reasons:
(1) When they have committed an inappropriate act or there is substantial reason to believe that they are likely to commit an inappropriate act.
(2) When their application documents contain false statements.
(3) When they do not inform the Interview Office of any changes in the information contained in the application documents after submission in a timely manner.
(4) When it is determined that their criminal history renders them unsuitable for participation on the Programme (e.g. DUI (driving under the influence of alcohol and/or drugs), drug or sex crimes, crimes against children, etc.). (Inclusive of crimes committed after submission of the application form).
(5) When the Reply Form, Certificate of Health, or other required forms are not submitted by the designated deadlines.
(6) When those who possess multiple nationalities with Japan, do not submit the application to renounce Japanese nationality before the Reply Form submission deadline (This excludes alternates. However, in the case an alternate becomes a successful candidate/Participant, he/she will be required to submit the application to renounce Japanese nationality as soon as possible).

(7) If it becomes clear at a later date that they do not meet the eligibility criteria due to some reason attributable to themselves.

8. ASSIGNMENT OF CONTRACTING ORGANISATION
Participants are required to work at the Contracting Organisation assigned by CLAIR. Contracting Organisations are located all throughout Japan, and amongst them are regions that are not sufficiently equipped with health care facilities and/or public transportation, etc. Participants with special circumstances such as those listed below will be given special consideration, however there is no guarantee of an assignment near a Participant’s desired location (requests from April arrivals, Early arrivals and alternate candidates may be especially difficult to accommodate). Only requests for special consideration as listed below that have been indicated on the application form will be taken into consideration. Any requests of changes after submission of the application, even in special circumstances, are not possible.

Special requests may be considered for instances in which:
1) A spouse applies to the Programme at the same time.
2) A spouse or other immediate family member(s) already reside in Japan, and a move would be impossible or cause great hardship.

9. ORIENTATION AND TRAINING
(1) Pre-Departure Orientation
Participants will be provided with written materials about the Programme, along with Japanese language textbooks prior to departure for Japan. Additionally, a Pre-Departure Orientation will take place prior to departure for Japan at the Interview Office. All Participants must participate in the Pre-Departure Orientation. Please note that there will be no Pre-Departure Orientation for those participating from within Japan.

(2) Post-Arrival Orientation
Participation in the Post-Arrival Orientation is mandatory for all Participants. Post-Arrival Orientation will provide training necessary for Participants to carry out their work duties in Japan.

(3) Training
CLAIR provides Japanese language courses which Participants can enroll in after arriving in Japan in order to improve their Japanese abilities as well as promote understanding of Japan through Japanese after returning home. Participants are also required to participate in any training designated as mandatory by the Contracting Organisation or CLAIR.

10. ACCOMMODATION
In principle, the Participant will be responsible for any or all accommodation arrangements and, as such, will subsequently be responsible for all associated costs incurred. The Participant may be required to pay the equivalent of two to six month’s rent immediately after arriving in Japan in order to move into housing. In some cases the Contracting Organisation may designate the Participant’s housing arrangements. As such, Participants should consult with their Contracting Organisation in advance.

11. TRANSPORTATION TO AND FROM JAPAN
(1) Travel and Other Costs Related to Coming to Japan
All Participants must arrive in Japan on the designated date and flight from the designated departure points (Note 5) except for those who already reside in Japan as defined below in 11. (2). Participants who do not board the designated flight will be disqualified from the Programme, with the exception of cases due to truly inevitable circumstances, such as on humanitarian grounds. The cost of domestic transportation to the designated airport(s) in the Participants’ home country will be the responsibility of the Participants.

Participants’ Contracting Organisations will provide airline tickets from the airport designated in their home countries to Narita International Airport or Tokyo International Airport (Haneda Airport). Transportation costs from these international airports to the Post-Arrival Orientation venue, accommodation costs during the Post-Arrival Orientation, and transportation costs from the Post-Arrival Orientation venue to the Contracting Organisation, will be borne by the Contracting Organisation according to their travel expense regulations. Furthermore, travel expense regulations are based on the most logical route and means of travel.

It is for these reasons that in the case a Participant withdraws their intent to participate on the Programme, or is disqualified after receiving notification of his/her assignment, with the exception of cases due to truly inevitable circumstances, such as on humanitarian grounds, he/she must pay any travel and other costs, such as cancellation fees etc., that were accrued. These costs may include fees accrued for the arrangement of travel within Japan or housing in the case the Contracting Organisation has made arrangements. Cancellation fees for airline tickets will differ depending on the date that the cancellation of the ticket has been confirmed. In the case cancellation is confirmed 15 to 30 days prior to the designated departure date, the cancellation fee will be half the price of the airline ticket. In the case cancellation is confirmed 14 days or less prior to the designated departure date, the cancellation fee will be the full price of the airline ticket. Furthermore, Participants may be required to submit documents in order to determine if a case falls under “cases due to truly inevitable circumstances, such as on humanitarian grounds”.

(2) Travel and Other Costs Related to Departure
Flight costs to return to the Participant’s home country will be borne by the Contracting Organisation. The Participant will be responsible for transportation costs to the designated airport(s) in Japan and for travel expenses within Japan.
Participants Who Already Reside in Japan

Only Participants residing in Japan prior to participation on the Programme who already hold a status of residence other than “Temporary Visitor” and are able to change the status prior to the designated arrival date are permitted to participate from within Japan. It is the responsibility of the Participant to confirm whether a change will be permitted and carry out the procedure for the change of status with the relevant Immigration Bureau of Japan office. If a change in status is permitted, Participants must indicate his/her participation from within in Japan on the Reply Form and send it back to the Interview Office. Furthermore, those residing in Japan with a “Temporary Visitor” status are not permitted to change their status of residence within Japan, and therefore must return to their home country, carry out procedures to obtain a proper visa from the Embassy or Consulate-General of Japan and enter Japan on the designated flight in order to participate on the Programme.

For Participants who already reside in Japan, the Contracting Organisation will bear travel costs only in the case where a Participant travels from the designated airport or railway station to the Post-Arrival Orientation venue on the designated arrival date. Travel costs to the designated airport or railway station will be borne by the Participant. Participants who live within 100 kilometres of the Post-Arrival Orientation venue will bear all travel costs to the Post-Arrival Orientation venue. With regard to transportation from the Post-Arrival Orientation venue to the Contracting Organisation, Participants must travel in a group with other Participants who will be working in the same host prefecture or designated city. Travelling separately is not allowed. These travel costs will be borne by the Contracting Organisation according to their travel expense regulations.

Return Travel Costs

In the case Participants meet all of the guidelines listed below, the return travel costs both from their Contracting Organisation to an international airport in Japan and from that airport to the airport designated in their home country from which they originally departed will be borne by the Contracting Organisation according to their travel cost regulations.

Participants who participate from within Japan and meet all of the guidelines below are also eligible to have travel costs from their Contracting Organisation to the airport designated in their home country borne by the Contracting Organisation.

(i) The Participant completes the period of participation.

(ii) The Participant doesn’t enter into subsequent employment with a Contracting Organisation or a third-party in Japan within one month after the completion of participation.

(iii) The Participant departs Japan to return to his/her home country no later than one month from the day following the completion of his/her participation.

Reimbursement of Travel Costs

A Participant who violates the Contracting Organisation terms and conditions, such as by returning to his/her home country without reasonable cause, or is disqualified due to committing inappropriate acts, etc. after arriving in Japan will not only be responsible for the full cost of return travel to his/her home country, but must also reimburse any travel costs that the Contracting Organisation or CLAIR have already borne. In some cases there may be other costs for which the Participant will be held responsible.

Obtaining a Visa

Participants must obtain a working visa from the Interview Office before the date of travel to Japan and enter Japan under the appropriate status of residence (“Instructor” for ALTs, and “Engineer/Specialist in humanities/International services” for CIRs) that permits work. Family members accompanying a Participant (spouse or children) must submit official documents which prove legal marriage or parent-child relationship to the Interview Office and must carry out the procedures for applying and obtaining a Dependent’s Visa. Please note that only legal spouses and children are eligible for Dependent’s Visas. A fiancé(e) or common-law spouse, etc. are not eligible.

12. AFTER COMPLETION OF THE PROGRAMME

Participants are strongly expected to play a role as a bridge between Japan, their place of appointment, and their home countries after their participation on the Programme. Former Participants have founded alumni associations in their home countries/areas and in Japan, named JET Alumni Associations (JETAA). JETAA carries out various activities at grass-root levels to promote friendships between Japan and the home countries of Participants. JETAA members are involved in activities such as information exchange among the members, welcoming Participants back to their home countries upon their completion of the Programme, introducing Japanese culture, and providing educational information about Japan. It is anticipated that Participants completing their participation on the Programme respond to the “After JET Contact Information Survey” sent by CLAIR with their post-participation contact information. Participants are also expected to contact the Embassy or Consulate-General of Japan nearest to the Participant’s residence (CLAIR for those who reside in Japan), join a JETAA chapter and be actively involved in introducing Japan and promoting education.

13. USE OF PERSONAL INFORMATION

The use of personal information submitted by applicants during the application period is limited to necessary use by the Embassy or Consulate-General of Japan, MIC, MOFA, MEXT, CLAIR, Contracting Organisations including host prefectures/designated cities (see Note 6), and private contracting companies in charge of services related to the management of the Programme. Personal information will be used for such matters as assignments, orientations, etc. Information may also be shared with the aforementioned organisations after the arrival of Participants in Japan for administrative matters (*) in cases of emergency or early termination of participation on the Programme.

*Specific details about administrative matters are listed below:
(1) Replacement of Participant in the case of early termination of participation
(2) Settlement of insurance matters and financial discrepancies
